

Caltech

Welcome, and thanks for your participation!

We are researchers at California Institute of Technology inviting you to participate in a research study. The study should take approximately 30 minutes. Please click to review information about the study and to give your consent to participate.

>>

Powered by Qualtrics 

Caltech

This is a consent form for research participation. It contains important information about this study and what to expect if you decide to participate.

Your participation is voluntary. Please consider the information carefully. If you decide to participate, please feel free to save or print a copy of this form.

Description: The experiment you are participating in today is part of a research study on decision making. The research study is designed to analyze individual behavior and preferences over risk. You will be asked to read several pages of instructions. Then you will be asked to make several choices that will determine the precise amount you will be paid.

Risks and Benefits: The risks involved in this study are not substantially different from participating in normal online activities. We cannot and do not guarantee or promise that you will receive any benefits from this study. Your participation may benefit society by improving our understanding of behavior. Your decision whether or not to participate in this study will not affect your relationship with Caltech.

Duration: Your participation in this experiment will take approximately as long as is indicated in the advertisement.

Payments: You will receive a fixed \$5 completion payment for finishing the survey. One out of five subjects will be selected to receive additional payment based on their responses and pure chance. The average total payment for participation is \$15 per hour, including the completion payment. All subjects will be paid. The minimum payment is the \$5 completion payment.

Subjects' Rights: Your participation is voluntary and you have the right to discontinue participation at any time without penalty or loss of benefits to which you

are otherwise entitled. The alternative is not to participate. You have the right to refuse to answer particular questions. The results of this research study may be presented at scientific or professional meetings or published in scientific journals. Your individual privacy will be maintained in all published and written data resulting from the study.

For Subjects Located In the European Economic Area: If you are in the European Economic Area (European Union, Iceland, Liechtenstein, and Norway) while you participate in the research study:

You have the right to request access, rectification or erasure of your personal information. You also have the right to object or restrict our processing of your personal information. Finally, you have the right to data portability, e.g., a copy of the data with your personal information. In order to make any such requests, please contact Tye Welch at gdpr@caltech.edu.

If you withdraw your consent to participate in this study, this will not affect the lawfulness of our collection, use and disclosure of your personal information, up to the point in time that you withdraw your consent. Even if you withdraw your consent, we may still use your data that has been anonymized or pseudonymized so that the data does not identify you, as permitted by applicable law for the purposes of: (a) the public interest, (b) scientific research, and (c) archiving in the public interest. Further, we will maintain your data in fully identifiable form if required by law.

You consent to the collection, use and disclosure of your personal information, which may include health and other sensitive personal information, for the purpose of carrying out the research study and confirming the accuracy of the study, with the lawful basis to comply with legal and regulatory requirements. You may withdraw your consent at any time, and we will stop processing (e.g., analyzing) your personal information, except as described above.

Please view Caltech's General Data Protection Regulation Notice at the following website: <https://www.caltech.edu/general-data-protection-regulation-notice>

Contacts and Questions: For questions, concerns, or complaints about the study you may contact the Protocol Director, Dr. Kirby Nielsen (e-mail– kirby@caltech.edu, Phone - (626) 395-4094) in the Division of Humanities and Social Sciences.

Independent Contact: If you are not satisfied with how this study is being conducted, or if you have any concerns, complaints, or general questions about the research or your rights as a participant, please contact the Caltech Institutional Review Board (IRB) to speak to someone independent of the research team at (626) 395-4699 or via email at irb@caltech.edu.

Note: All payments in this study are listed in US Dollars (\$). If you are using a different local currency, it will be converted by Prolific from US Dollars to your currency at the current exchange rate.

Do you want to participate in this study?

In this study, you will have the opportunity to earn a \$5 completion payment and may earn an additional bonus payment.

If you complete the study and enter your completion code into Prolific, you will earn the \$5 completion payment. In addition to this completion payment, we will randomly select **one out of every five participants** to receive a bonus payment.

>>

Powered by Qualtrics 

Caltech

In this study, you will face 42 choice tasks followed by 2 quiz tasks. At the end of the study, if you are randomly selected to receive a bonus payment, then we will randomly select one of the 44 tasks, and we will determine your bonus payment based on your responses in this one randomly selected task.

Note: Each of the decisions you make today may determine your bonus payment. Therefore, it is in your best interest to answer every decision carefully and in a way that reflects what you'd truly prefer.

>>

Powered by Qualtrics 

Caltech

Each choice task will involve one or several decisions between a lottery called Option A and a lottery called Option B. For each decision, all you have to do is decide whether you prefer Option A or Option B.

Your decisions in the first 20 choice tasks will be presented in a table in which each row represents a separate decision. In the example below, the decision in row 1 involves the choice between Option A (a 50% chance of receiving \$0, 50% chance of receiving \$30) and Option B (a 100% chance of **\$0**). The decision in row 2 involves a choice between the same Option A, but now Option B gives a 100% chance of receiving **\$1**. In row 3, Option B gives a 100% chance of **\$2**, and so on.

There will be one number changing in Option B in each row. In each successive row, the changing number will be larger than in the previous row. We will put the changing numbers in **bold** to help you see what changes. As you can see in the example below, the payment in Option B increases by \$1 in each row.

Option A will stay the same in each row of a given choice task.

OPTION A:		OPTION B:
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$0
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$1
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$2
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$3
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$4
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$5
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$6
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$7
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$8
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$9

>>

Powered by Qualtrics 

Caltech

To give you an example of how these choice tasks work, consider the hypothetical task below. Option A gives a 100% chance of \$10.50. Option B gives a 100% chance of a payment that varies from \$0 (in the first row) to \$15 (in the last row).

In this hypothetical decision, if you prefer more money to less, you should prefer Option A for the first 11 rows. Starting from row 12 (100% chance of \$11), you should prefer Option B.

To avoid having to make a selection in each row, you need only click two times: once for Option A and once for Option B. Once you click on Option A in a particular row, all rows above that row will populate to indicate that you choose Option A. Once you click a row in Option B, all rows below that row will populate to indicate that you choose Option B.

In the example below, you would click "100% chance of \$10.50" in Option A in the 11th row (instead of "100% chance of \$10"), and you would click "100% chance of \$11" in Option B in the 12th row.

IMPORTANT: In order to progress, you have to make a selection for every row.

OPTION A:		OPTION B:
100% CHANCE OF \$10.50	OR	100% CHANCE OF \$0
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$1
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$2
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$3
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$4
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$5
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$6
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$7
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$8
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$9
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$10
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$11
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$12
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$13
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$14
100% CHANCE OF \$10.50	OR	100 % CHANCE OF \$15

>>

Caltech

Consider another example. In the example below, Option A gives \$10 for sure and Option B gives a 50-50 chance of \$10 or a varying payment that goes from \$0 to \$14. Suppose you prefer Option A when the varying amount is less than \$10, and you prefer Option B when the varying amount is greater than \$10. You would click the “50% chance of \$10, 50% chance of \$11” box, and the rows would auto-populate in orange to indicate your selection, as shown below.

Note that you can still change your selection once the table has been auto-populated. To do so, simply click the new row in which you would want to start choosing Option B. Once you have made your final decision, you will be able to proceed to your next choice.

OPTION A:		OPTION B:
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$1
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$2
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$3
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$4
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$5
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$6
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$7
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$8
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$9
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$10
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$11
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$12
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$13
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$14

Caltech

To make sure you are comfortable with how the choice tables work, please complete the following **practice choice**. Please try out how to select Option A in all rows, how to select Option B in all rows, and how to change your answer after selecting.

As in the main decisions, you will not be able to click to the next page until you have made a valid selection. To make a valid selection, you have to make a selection for every row. That is, your choices must either "switch" from Option A to Option B (clicking once on a row in Option A and once on the subsequent row in Option B to proceed), or you can click Option A in all rows, or Option B in all rows.

If the page is not letting you proceed, you have not made a valid selection. Please make sure you click on Option A in the last row where you would want to select Option A, and then click on Option B in the first row you would want to select Option B (the subsequent row after selecting Option A).

OPTION A		
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$0
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$1
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$2
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$3
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$4
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$5

50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$6
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$7
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$8
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$9
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$10
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$11
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$12
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$13
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$14
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$15
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$16
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$17
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$18
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$19
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$20
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$21

OPTION A

50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$22
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$23
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$24
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$25
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$26
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$27
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$28
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$29
50% CHANCE OF \$0, 50% CHANCE OF \$30	OR	100% CHANCE OF \$30

OPTION A

Powered by Qualtrics 

Caltech

After you complete the 42 choice tasks and 2 quiz tasks, here is how we will determine your bonus payment.

First, the computer will randomly select a number between 1 and 5, with each number equally likely. If the number drawn is a 1, then you have been chosen to receive a possible bonus payment.

If you are chosen, then the computer will randomly select a number between 1 and 44, with each number equally likely. This determines which task will determine your payment.

If one of the 2 quiz tasks is selected, then you will receive \$5 if your answer to that question is correct.

If one of the 42 choice tasks is selected, then we will randomly select a decision from that choice task (one of the rows) by drawing another random number, again with each row equally likely. This will be the decision-that-counts. We will determine your payment based on whatever option you chose in the decision-that-counts.

For example, imagine that you had filled out the decision screen below as indicated, and imagine further that the decision-that-counts turned out to be the fourth row of this decision screen (100% chance of \$10 vs. 50% chance of \$13, 50% chance of \$0).

In this decision, you chose Option A (100% chance of \$10) over Option B (50% chance of \$13, 50% chance of \$0). In this case, you would receive a \$10 bonus payment if you are one of the randomly selected participants who will receive a bonus payment.

If instead you had picked Option B, here's how we would determine your bonus payment. The computer would randomly generate a number between 1 and 100. Each number is equally likely. If the number comes up 1—50, we would pay you a \$13 bonus payment. If the number comes up 51—100, we would pay you a \$0 bonus payment.

Note, these bonus payments are in addition to your \$5 completion payment.

OPTION A:		OPTION B:
100% CHANCE OF \$10	OR	50% CHANCE OF \$10, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$11, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$12, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$13, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$14, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$15, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$16, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$17, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$18, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$19, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$20, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$21, 50% CHANCE OF \$0
100% CHANCE OF \$10	OR	50% CHANCE OF \$22, 50% CHANCE OF \$0

Caltech

Please answer the following review questions.

How will we determine your payment from this study?

- ☐ You will receive a \$5 completion payment
- ☐ You will receive a \$5 completion payment, and 1 out of 5 participants will receive a bonus payment determined by their choices and random chance
- ☐ You will receive a \$5 completion payment, and you are also guaranteed to receive a bonus payment determined by your choices and random chance

>>

Before we finish, we have a few extra "quiz" questions to ask you.

If you are randomly selected to receive a bonus payment, one of these quiz questions could be chosen to determine your bonus payment. If you get the quiz question correct, you would receive a \$5 bonus. If you get the question incorrect, you would receive a \$0 bonus.

Quiz Question #1:

Imagine a person who values the lottery shown in Option A below at exactly \$24.50. That is, he would rather have the lottery than any sure amount less than \$24.50, but would rather have the sure amount for any amount greater than \$24.50.

How would this person fill out the list below?

OPTION A

25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$0
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$1
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$2
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$3
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$4
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$5
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$6
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$7
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$8
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$9
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$10

25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$11
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$12
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$13
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$14
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$15
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$16
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$17
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$18
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$19
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$20
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$21
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$22
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$23
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$24
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$25
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$26

OPTION A

25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$27
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$28
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$29
25% CHANCE OF \$0, 75% CHANCE OF \$30	OR	100% CHANCE OF \$30

OPTION A

Quiz Question #2:

Imagine a person who filled out the list like shown below.

60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$10
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$11
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$12
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$13
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$14
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$15
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$16
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$17
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$18
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$19
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$20
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$21
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$22
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$23
60% CHANCE OF \$0, 40% CHANCE OF \$30	OR	50% CHANCE OF \$0 50% CHANCE OF \$24

Given these responses in the list, what would this person choose in the single decision

below?

50% chance of \$0 50% chance of \$27 ☐	60% chance of \$0 40% chance of \$30 ☐
--	--
